Lexington House started off our Memorial Day driving in our new van to Bonneyville Mill County Park. When we arrived at the park we searched and found our destination the Lookout Shelter, and we found the view to be refreshing and relaxing. It was right up against the woods where you could occasionally see

someone on a bike riding down the trails. The bright green colors and sweet smell of flowers were all around us! To the left of our shelter was a 4-story tall tower. Terral, a colleague, was really excited to walk all the way up the tower to get a look at the view. Francis, Janet, and Janelle also climbed up and the view was that of a beautiful Summer day! Lots of green trees, blue sky, white clouds and a few lavender colored wildflowers.

We sat at the picnic tables and enjoyed our lunch. We then packed everything back into the van and drove to the main entrance of the park to walk around the waterfalls. There was a lot of people enjoying the park while walking their dogs. Janet made several new furry friends and it looked like the furry friends were loving Janet! The waterfalls were pretty, and we got to see a very large snapping turtle in the water.

We had a great time and all the colleagues agreed that we would love to return to the lookout Shelter at Bonnevillle Mill County Park.

-Janelle S.

UPCOMING ANNIVERSARIES:	UPCOMING BIRTHDAYS:
6/12- Quinn W.	6/1 - Jackie R.
6/28 - Lori V.	6/27 - Amy S.
	5/12 - Gretchen F.
	6/21 - Charlotte M.
	6/29 - Charles F.

Board Spotlight: Steve S.

Hello to all of you being a force for good in this world today. A little about myself, I was born and raised in Detroit, Michigan and lived there for 18 years of my life, till we moved to Macomb MI during my senior year of high school. Went off to Alma College in Alma, MI, then moved down to Northern Indiana since 2003. My dream job when I was a kid was being a firefighter, because my father was captain of the city of Detroit Fire Department, and I wanted to be just like him and help save people's lives. I had a dream of also playing sports professionally after college but came down to a choice of going overseas to

play or start a great career which I made a perfect choice of starting my career with Lippert. I have been with Lippert now for 19 years and am the General Manager of the plant 19 Complex in Goshen, IN where we build the chassis for the RV industry. Working for Lippert also brought me an amazing family consisting of my wife Melissa, and kids Savannah, Kyler, and Olivia. Being on the board is a huge honor because of being able to make a difference in someone's life daily and being able to carry on my mother's legacy. The support and guidance the Clubhouse model gives to our colleagues to build their strengths up

and strive for greatness is truly remarkable and life changing, therefore it's important for me to be part of this Clubhouse Community. Fun fact: huge Detroit/ Michigan sports fan no matter the misery it puts me through sometimes but will just throw a couple scores out there 42-27(2021) and 45-14 (2019), who did we beat those games? Hope everyone has a blessed week!

Shout-Out to Cora Dale

We wanted to Congratulate our neighbor Clubhouse, Cora Dale House. They recently celebrated their tenth year anniversary this month! Congratulations to Cora Dale and all that are involved with Cora Dale!

This has Lexington House thinking of where we will be when we celebrate our 10th year anniversary in 2030 (we opened in 2020). May both Clubhouses continue to grow and flourish!

-Eric F.

A Very Good Donation

We are celebrating a new edition to our family. We are glad for it and we appreciate what has been donated to us. The donation of a van has helped greatly. It provides more opportunities to help spread our wings by reaching out to more members in our community. In turn we can travel together to socials, if we don't have a ride to Lexington house. If we know ahead of time, Lexington house can take you to it and we can pick up colleagues. Finally, colleagues can do some shopping at Kroger across from Lexington House. We are glad for this one-of-a-kind wonderful donation from Pete and Kris Gingerich.

Lexington House thought our Maiden Voyage to Bonneville Mill for our picnic has given us good use of the van.

-John S.

Raised Garden Beds

Saturday May 14th, was a big day at Lexington House and its colleagues! On this day Lexington had purchased some raised gardening beds and some plants such

as tomatoes, peppers, oregano, basil, thyme, etc. The colleagues that showed up planted nearly everything that was

purchased. In fact, Lexington House had to make an additional run to get another garden bed as we had so many things to plant!

Additionally, one of the staff members made sloppy joes for the colleagues and we had a lunch together. The meal also came with some chips, brownies, veggies, and potato salad. All the colleagues ate their fill of the goodies that were made and brought while sipping lemonade. Overall, on the 14th of May, we had a good turnout for this social, had a lot of fun and were able to start our gardening project!

-Eric F.

Park Walk Wednesdays

The Clubhouse is picking-up right where it left off last year with Walk in the Park Wednesdays. Last year the Clubhouse set a goal to walk as many parks in Elkhart County (over 30 parks) on Wednesdays from Memorial to Labor Day. It was a great way to take in our community one step at a time.

This year, the Clubhouse is implementing a lesson learned from last year's walks. The lesson is we added two options for colleagues to choose from when they go to the Walk in Park Wednesday: a short walk or a long walk option. With an understanding among colleagues that we meet up at the end of the park walk.

-Francis D.

June Socials

June 8th: Island Park Walk

June 14th : Botanical Gardens

June 15th Island Park Walk

June 18th: Potawatomi Zoo

June 25th: Chief Ice Cream
