Once again readers, we can give thanks to Lexington House for putting on the celebration of our second year Thanksgiving dinner at Lexington House. We had a good turnout for the dinner for Thanksgiving, a good time, good company, and good fellowship among people. If we had not had the celebration, some of us may have been alone for Thanksgiving, sitting at home, and thinking about stupid thoughts, we don't need, and landing us in the hospital, because we played into our thoughts. That is why we at the Club put the celebration at the Club for support people like me. For myself Club is a life saver, because if Club wasn't here, I might be in the hospital, or dead. That is why I am in full support of the Clubhouse. That is why we need support of the Clubhouse fully, and helped the staff, and other stuff as well. That is why we must give thanks to the staff, and other organizations that helped put on the celebration. Most special give thanks to Genoa Pharmacy for their contribution! Thank you from the bottom of our Heart!

-John S.

UPCOMING ANNIVERSARIES:

Christy D.- 3rd
Tytannia H.- 7th
Amanda M.- 13th
Kylan B.- 24th
Jlynn U.- 30th

UPCOMING BIRTHDAYS:

Jay L.- 21st

Colleague Spotlight: Christy D.

How has Lexington house impacted you in your life?

It has helped me stay grounded. It has helped me with my social anxiety by giving me a place I feel safe to come to. I have been able to intermix with a variety of people and have learned many new things.

I have been allowed to volunteer within the clubhouse. Doing a program called quickens which has allowed me to use some skills that I have used in my past jobs.

Lexington Clubhouse helps gives me a purpose. And I really enjoy helping and making a difference in people's lives. While others are making a difference in my life.

Some interesting facts you'd like to share about yourself.

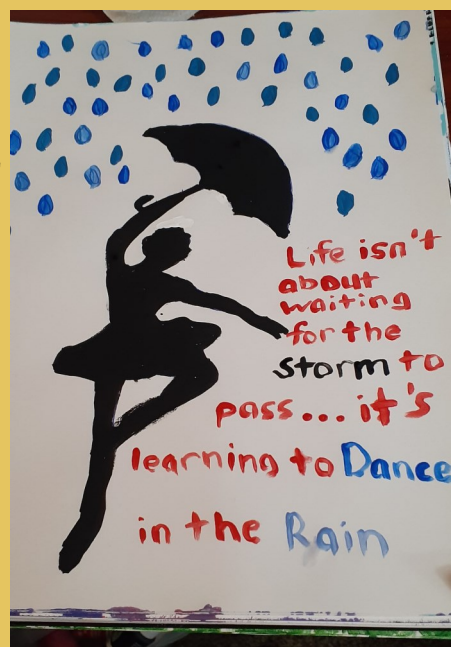

I got a bachelor's degree in psychology in 2007. Which I have been able to use through the years in jobs and in life in general. To make impact in people's lives means a lot to me. I also went to a college where I was able to work under a chef for a year which taught me the ins and outs of cooking and baking. Which I use in my world today to touch people's lives.

What are some hobbies or interests you have?

I enjoy baking for others. I enjoy doing acrylic painting along with abstract painting and doing crafts. My sister and I make journals for a shoebox project that goes to kids around the world.

What are your favorite foods?

I actually enjoy homemade pizza and salad.

Turkey Spotlight

Once again our executive director was the turkey for Faith Mission's turkey stampede. This year was no different from last, he was caught and passed early and often in the 5k race. Some of our colleagues also attended the event. Overall it was a lot of fun. We did have a few questions for the turkey after the race.

- Nik H. & Francis D.

What is the most exciting part of being a turkey at Thanksgiving?

It is my day! I am being pursued as the prize of the day.

Do you do any preparation for the turkey stampede?

Obviously I drink coffee. Also I do some stretches including turkey lunges.

Do you have a fan club/ following ?

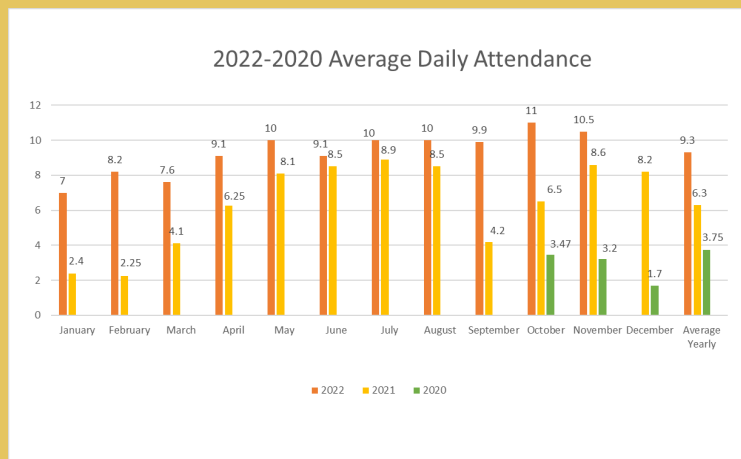

Yes I do! Including the colleagues of Lexington House and the people chasing me.

By the Numbers

Christmas Card Signing

The Christmas Card Signing was a great significance for me because I got to see Tosh Davis MCreary again. I knew her from Faith Mission. It was so much fun and an exciting day for me. We had pizza from Bruno's. It was a great night for all, thanks for letting me see someone that I haven't seen in a long time. -Jackie R.
